1. Introduction of Guest-
 - Ave Leslie, grad student, University of Chicago
2. Review of agenda
 - Add-
 - Approve corrected minutes of June 12. Mike made a motion to approve, seconded by Brian, motion carried unanimously.
 - New Business- Community National Bank proposes changing the security for our municipal deposit accounts. Reviewed proposed agreement. Action to be taken at a later date.
 - Old Business- Shadow Lake Business- Issue of dam analysis. Jack reported that a safety action plan was developed in 1991 to monitor the safety of the dam. Plan may need to be updated. Jack will get more information. Adam Sevi, Civil Engineer Professor may consider the dam a project for students at Norwich University.
3. Accept July 24 minutes- motion by Mike to approve; No August 14th meeting. Mike moved accept July 24th minutes, seconded by Jack; Discussion of personnel policy statement; Harvey asks board to include in the minutes the condition that if an employee was unable to make work during an emergency that it would not be held against the employee. Board agreed to table and place in minutes of next meeting. Motion approved unanimously.
4. Appearances by Local Citizens and Visitors
 - Harvey Dunbar- Road crew report; Culvert discussion regarding a private residence; review of Private Drive Policy; Harvey to talk to resident and report back to board. Hartwell Pond Rd intersection culvert. Service Line near the culvert. VEC will put the power overhead. A workable compromise. Jack asked about signage for ATV usage; Other signs discussion.
 - Eric Thaler- Reporting of a noisy party at nearby residence; board reviewed the Mass Gathering Ordinance; Concern about possible repeat of last year's loud 3 day fall party; Jack agreed to research the ordinance and make a visit.

- Grace Caslini and John Aszklar- Parking issue and culvert dispute; Incident of a truck parked in the road in winter. Dispute as to whether a culvert would address the water flow issue. Residents contend that a culvert would mitigate the water flow. Evidence to board suggests a culvert would not solve the problem. Will meet again on site and review.
