### **Greensboro Energy Committee gets grant**

Grant from Energize Vermont of \$300 to help provide window inserts to low income residents.

### **Community Build Window Inserts Workdays**

-Food: Discussion re who will bring what and when. Sara has made two big posters giving volunteers clear directions on how to order lunch. We will be paying \$95 to Sheri Safford for soup and sandwiches for Wednesday, and \$100 for cold cuts, etc. that Sara will pick up from Curriers. We will use our Glover Town Budget allotment of \$500 to pay for these. Leannette Courtney, Jane ?, and Nancy Reagan have each committed to providing snacks for one or another of our work days - Jane and Nancy on Saturday, Leannette on Monday.

-Volunteers: Still lacking volunteers to cover shifts especially on Mon, Tues, and Wed. We all will do what we can to find folks to help out. We do have volunteers coming from Sutton to see how things are done - in anticipation of running insert building workdays themselves. Also someone from Efficiency Vermont will be joining us on at least one workday. Angela will provide us with a copy of the volunteer sign-up sheet. -Set up: Jack and Ken James from Barton will pick up jigs, etc. in Norwich on Friday. Sara and Ann will be on call to come help set things up on Friday for Saturday start day.

-Check in: Everyone who participates must complete a personal information form. Jack will get adequate copies of the form to have available daily at town hall entrance. Sara will take charge of checking folks in. Agree we need to have someone “man” the check-in table beginning at 8am since work starts at 8:30am. Angela will provide us with a copy of the volunteer sign-up sheet. Available here:
