

## Glover Energy Committee Meeting December 1st

Attending: Sara, Ann, Mariel, Angela

MERP - Coe's sent update: We have 4 general contractors that are submitting bids. Amendments to the state will be going out this week, and an addendum to the bidders. Final bids are due by December 18th.

Window Dressers - Agreed to use what remains of our Town funds to send to Window Dressers to offset the cost of inserts that were received at a discount by a Glover family.

VEEP- We will reach out to Barton and Glover teachers to see if they would like to have someone come in and do a VEEP workshop/presentation again.

Annual Report - Due for January 1st. Started working on a draft during today's meeting.

Town Plan - Mariel sent an initial draft of our Energy piece of the Plan to NVDA, with a request to insert graphics that they provided. Still to be worked on are our energy-related goals for the next 8-year Town Plan cycle.

Next Meeting - December 15th
