

Glover Energy Committee Meeting 3/2/26

Attending-Mariel, Ann, Angela, Sara

MERP- Mariel got responses from the committee's/entities that use the town buildings getting energy enhancements, and forwarded the info to the Coe's for MERP implementation scheduling purposes.

BGS emailed us updated contract for revised MERP scope of work. Needs to be signed by Cindy Epinette. Mariel will get this to Cindy for signature after Town meeting.

Town Meeting - We have assorted fliers and documents that we will have available at our info. table. We agree to hold a raffle for one FREE window insert at Town Meeting.

Respectfully submitted, Angela Daniels
