

Glover Energy Committee Meeting 4/3/23

Attending: Jack, Mariel, David, Ann, Angela

Guest- Dave Sargent

Window Dressers- Dave Sargent reports that he has not had luck with finding more volunteers. He is not comfortable with being the leader, Mariel is going to reach out to Linda and Sue to see if they would be willing to take the lead. Suggested putting something in the paper or on Front Porch Forum to solicit help.

MERP grant- reviewed what Ann and Mariel had done and Mariel submitted.

Energy Audits- Done in 2010, not able to find the hard copies. Ann to follow up with Montpelier Construction, the auditors, to see if they might still have the audits.

E-Bikes- The bikes will be delivered in May.

NEK Broadband- Our local rep, Noah, gave Mariel sign up info for getting updates from NEK Broadband. The concentration of people interested in receiving service "can" speed up the timeline for availability.

Next Meeting-4/17/23 4pm @ Glover Town Hall

Respectfully submitted,
Angela Daniels
