1. The meeting was called to order at 7:00pm.
2. Minutes from last meeting – postponed until the next meeting.
3. Prioritize Trail Development – Estimated Timeline
 - a. What have we got?
 - b. What do we want? Jethro Hayman has expressed interest in creating a mountain bike path at Glover Park, copying other town highway maps so they can be pieced together to create destinations, can we contact VAST trail owners and get their permission to use the snowmobile trail during the spring, summer and fall months
 - c. Mark town map, places of interest, town and state owned property, connecting to villages: Peggy noted several points of interest – Glover Community School, West Glover, Glover Park, State fishing access at Shadow Lake and Daniels Pond
 - d. Look at model of now Cabot developed trails
4. Landowner Agreement Draft: The Committee reviewed the Cabot Trails Committee version of the Landowner Permission Form. We will customize it for Glover Trails Committee and will include the verbiage “...specific route of trails will be specified by the landowner.” It was also suggested that we hold a pancake breakfast to get the conversation started with landowners. We need to research with VAST regarding insurance. Can Glover Trails join their liability policy? Is there a state policy for trails? Can the trails liability insurance be part of the towns’ coverage?
5. Signage: Dominic will purchase the supplies needed to build the trail map boxes.
6. Trail Maintenance Training with Northwoods – Tuesday morning, July 19th at 9am at the base of Hinman road trail. Peggy will contact Northwoods to see what each person should bring. Peggy was informed it will cost \$400 for this training.
7. Ideas for Building Communities Grant Application due in Sept Recreational needs: We need to speak with Brian about the recreation grant. Does the grant require one project or can it include multiple little projects?
