The NEKWMD reserves the right to terminate any collection early in the event that we are at storage capacity. Please limit HHW disposal at listed events to 25 gallons. If you have more than 25 gallons, please call our office to schedule an appointment at our Lyndonville facility, May 2 – Oct. 3, 2024.

Not going to be able to make any of these dates? NOT A PROBLEM! The NEKWMD will be accepting these materials by appointment at our Lyndonville facility from May 2, 2024 to October 3, 2024. Due to regulatory handling requirements, hazardous wastes will not be accepted without an appointment. Scheduling ahead ensures that a qualified individual will be on-site ready to accept your hazardous waste.

**\*\*HHW Collections are free and open to residents of all DISTRICT TOWNS\*\***

What are *Household Hazardous Products*? They are consumer products that contain ingredients that may be:

*Toxic*- poisonous if eaten, breathed, or absorbed through the skin

*Corrosive*- can burn or destroy living tissue if spilled on skin

*Reactive*- creates fumes, heat, or explosion hazards if mixed with certain materials such as water

*Explosive*- can explode with exposure to heat or pressure

*Flammable/Ignitable*- can easily be set on fire

To determine if a product in your home is hazardous, check the label for the following words:

Danger indicates that the substance is extremely flammable, corrosive, or toxic.

Poison means that the substance is highly toxic.

Caution/Warning is put on all other hazardous substances that are a somewhat lesser hazard, but are still dangerous if the directions are not followed closely.

Conditionally Exempt Generator businesses can also use the Lyndonville collections for the actual cost of the disposal of their materials. Please call ahead for pricing and an appointment.
