

## **Glover Planning Committee**

October 21, 2014

The meeting was called to order at 7:05 PM.

Ann Creaven, Ann Lindner, Jack Sumberg, Skip Borrell and Liz Nelson were present.

The minutes from the last meeting (October 16, 2014) were approved as written.

Everyone has reviewed the final Hazard Mitigation Plan. Ann L. and Ann C. will add photos to the final approved plan when it has been reviewed and revised by FEMA as well as adding :

1. the survey from Glover Day
2. flood resilience plan from NorthWoods
3. maps from NVDA

Skip suggested including a cover letter from NVDA.

The process is as follows:

The planning committee has checked the document to make sure it is in order

We send the document to VEM before October 23, 2014

They send it back to us with comments and adjustments

We send it back to VEM

They send it to FEMA

FEMA makes corrections and sends it to us

We make corrections and send it to FEMA

THEN the Glover selectmen approve the FEMA plan.

Jack will do the final edit and send it to Ann L. and then send it electronically to Misha at VEM tomorrow.

The Planning Committee will not meet again until the corrected version comes back from VEM. We can then add the appropriate info from the flood plan if appropriate when it comes to us from NorthWoods.

Under the plan maintenance plan we may incorporate new information.

We discussed creating an Energy Committee for Glover.

The next meeting will be to review feedback from VEM.

The meeting was adjourned at 7:50 PM.

Respectfully submitted,

Liz Nelson
